

MODEL NO: RGD-JSK-AP-1

TECHNICAL SPECIFICATIONS:

Two-speed trigger: first-speed operating force 0~5N,
second-speed starting operating force 15~18N, spring self-reset

Weight: 30g

Mechanical life: 0.5 million actuations

Electrical specifications: Self-reset micro switch, 400mA@28Vdc,

Pin description: Pins 1 and 2 are normally closed, pins 1 and 3 are normally open

Operating temperature: -40°C to + 70°C

Storage temperature: -45°C to + 75°C
